KELSEY
NURSERY
SERVICE

SEVEN AMPLE REASONS WHY

KELSEY
NURSERY
COMPANY

"EVERYTHING WORTH PLANTING"

1. **RESPONSIBILITY.** As a merchant corporation of abundant responsibility, business established in 1878, we have exceptional facilities for furnishing our patrons with the selected products of very many nurseries on the most favorable terms.

2. **SERVICE.** The Kelsey Nursery Service is as broad as the market and keeps abreast of the times in maintaining accuracy, reliability, and despatch in the conduct of its business.

3. **SPECIAL FEATURE.** The furnishing of planting lists complete at lowest market prices is a recognized advantage to purchasers that is more and more appreciated and is a feature of the business not usually obtainable from any single nursery.

4. **SHIPPING FACILITIES.** The present shipping and delivery conditions make it important to secure at all times the best facilities for transportation. This is especially true of nursery products. Our resources in this respect are unsurpassed.

5. **DECLINING PRICES.** In times of declining prices like the present, it is the policy of this company to meet the wishes of patrons in this regard while holding to the standard of *Quality First* for all planting material supplied.

6. **EXTRA CHARGES ELIMINATED.** As most of our patrons have capable Superintendents or Head Gardeners and the requisite help for planting the hardy Trees, Shrubs, etc., required, and as this work can be done in this way at far less expense than by any outside parties, *we eliminate in our wholesale prices all extras* and furnish the material at the lowest net prices. And as few losses occur in the care we exercise in selecting, digging and packing, we omit also the large additional cost not infrequently added, (as much as 100%) to cover specific guarantee. Our policy, however, is to please our patrons and we willingly replace without charge any material that may fail on account of any defect in quality or condition of the stock.

7. **DEPENDABILITY.** U. S. Quarantine No. 37, prohibiting the importation of all kinds of nursery stock, has resulted in increasing scarcity. This, however, has largely increased our facilities for supplying this material. In view of present conditions orders placed now for planting material required this Autumn or in Spring will be of decided advantage.

We also offer a large selection of

Herbaceous Perennials; Hybrid Tea, Hybrid Perpetual and Everblooming Roses; Fruit Trees and Small Fruits; Nut Trees; Tree Seeds. Let us know your wishes. We'll do the rest.

IMPORTANT.

The stock here quoted will be furnished, 250 or more at the 1000 price, 50 or more at the 100 price.

At these Anti-H.C.L. prices, as customary at wholesale rates, transportation is borne by the purchaser; necessary packing containers at cost. Special prices including delivery will be quoted upon request.

While our excellent system of tracing shipments usually insures prompt delivery at destination, where injury or loss results by delay in transportation the carriers are directly liable and claims should in such cases be made direct on the carrying company.

Claims on account of errors or for deductions to be reported promptly within ten days after receipt of goods.
